Donde empieza la creación

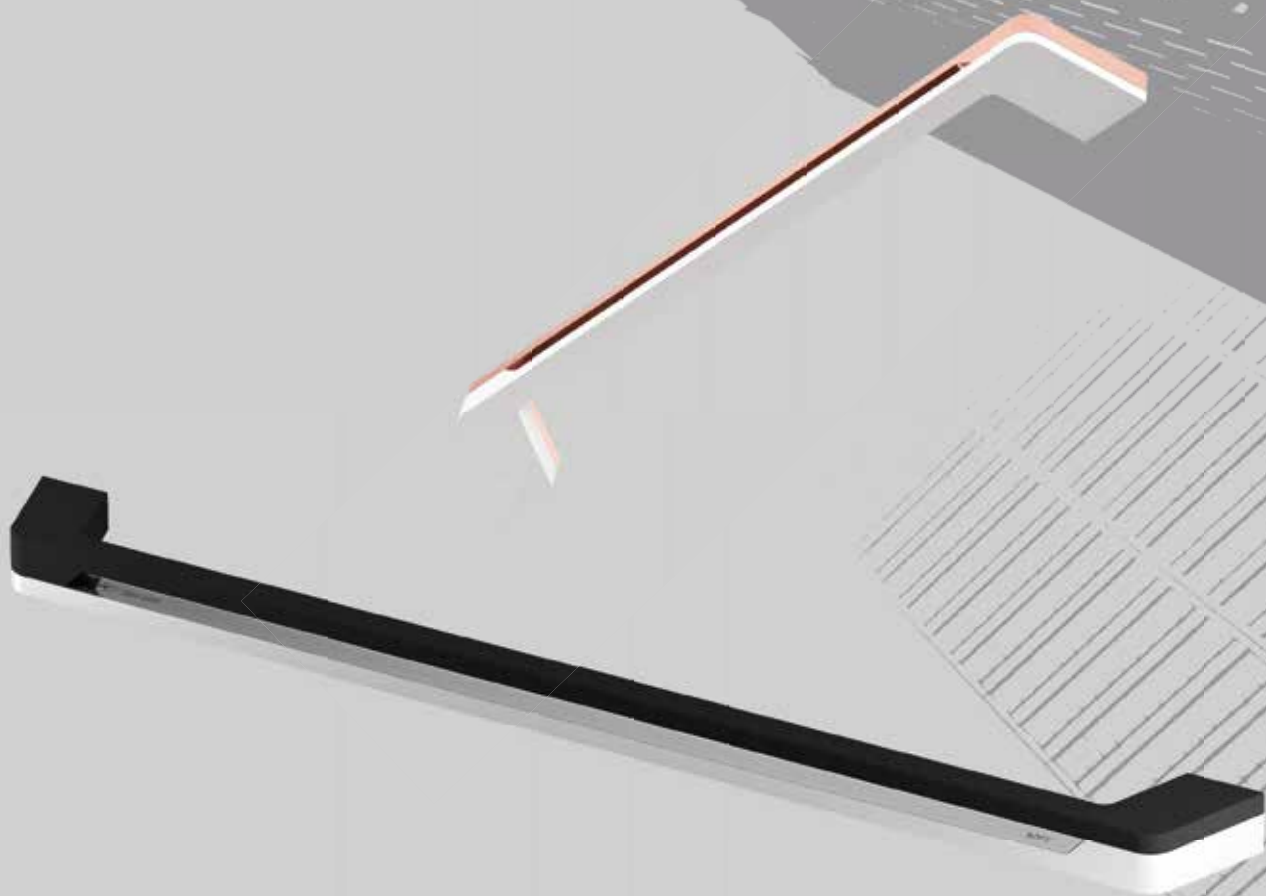

La primera impresión es la que cuenta,
el tirador como carta de presentación,
una invitación a descubrir.

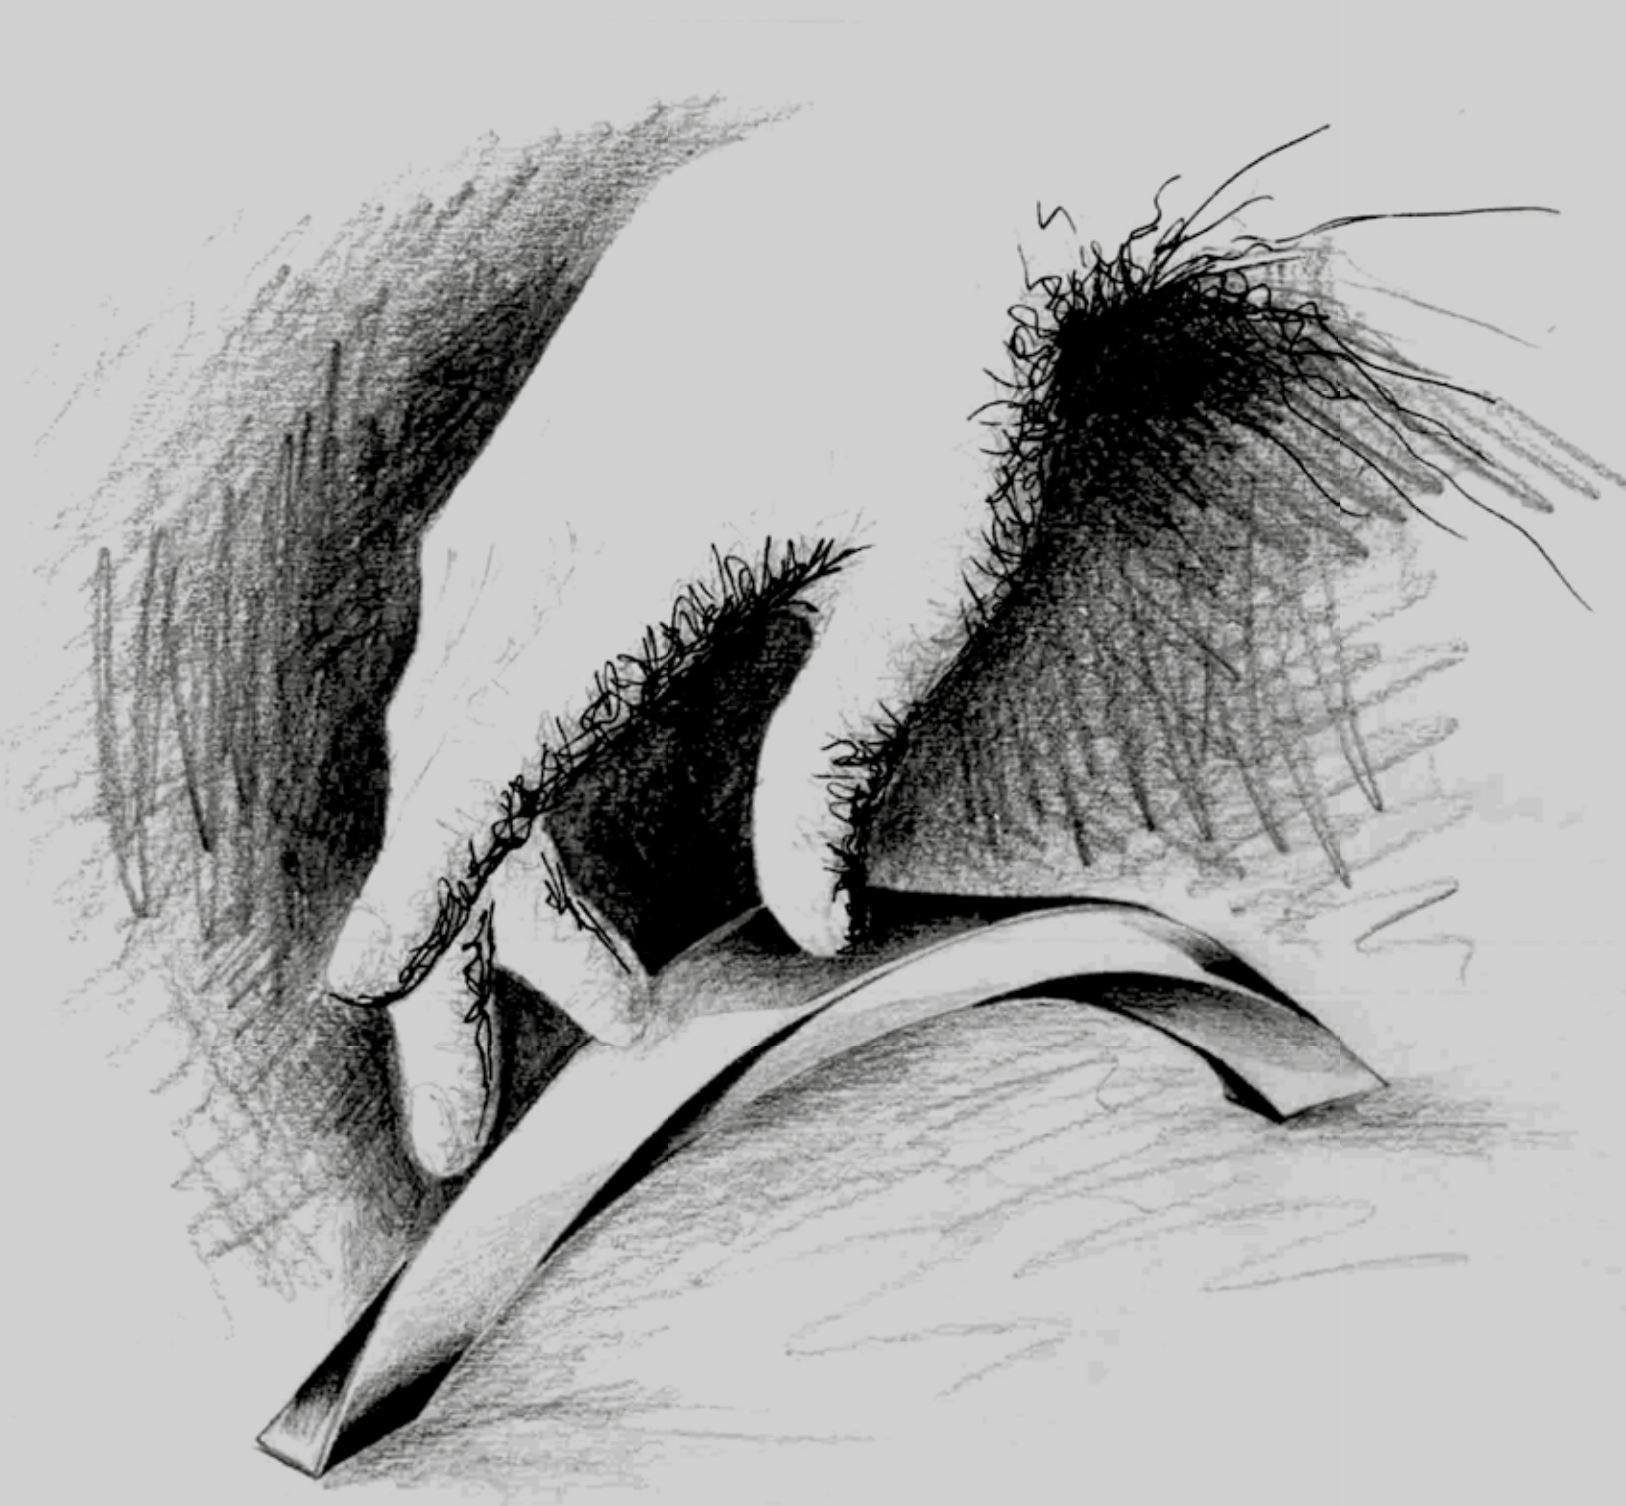

*The creation begins first
impressions last, the handle is the
calling card, an invitation to discover.*

SC nace hace 25 años en 1995 especializándose en el diseño de complementos para la industria del mueble y el conocimiento de su mercado. Nuestro objetivo es conseguir que cada pieza otorgue un valor especial a los entornos más cotidianos, que se mezcle con el espacio para crear un significado personal en cada hogar.

SC was born 25 years ago, in 1995, it specialized in the design of accessories for the furniture industry and also in the knowledge of its market. Our aim is to achieve that every single element provides a special value to the daily environments, which joins up with the space to create a special atmosphere in every home.

Combina y crea
tu propio
tirador

PEPE RODRÍGUEZ

El actual presentador de MasterChef y propietario de uno de los restaurantes más conocidos de España, es también un gran entusiasta de los diseños de SC Herrajes, empresa a la que le une una estrecha amistad.

SC Herrajes y El Bohío comparten la filosofía del saber hacer, el cuidado por el detalle y la búsqueda de la máxima calidad y perfección. Como el mismo Pepe dice: "un producto tiene que ser bonito por fuera, pero tener calidad por dentro"

En El Bohío, se aprecia el valor del diseño, y por ello Pepe utiliza modelos de tiradores SC para presentar los platos y bocados más vanguardistas en su restaurante.

PRODUCT

REGISTRY & IDENTIFICATION

All designs of SC Herrajes are registered by European Institutions.

Original models of SC can be identified through a mark with the logo and reference of each model placed in the hidden part of each handle.

CLEANING & MAINTENANCE

Cleaning of the handles must be done with a dry lint free cloth.

Under no circumstances should costumers use any form of metal cleaner, aerosol spray cleaner or solvent based abrasive cleaning solutions on our product as these can remove protective laquers. If such cleaning agents are used, products can become damaged.
